

Adventure awaits...

**THE 2014
VENUS
CARAVAN
COLLECTION**

Introduction

A caravan so light and compact, you now have the perfect excuse to escape.

The Venus range for 2014 sets an exciting benchmark in ultra-lightweight touring. The sleek modern exterior and comfortable practical interior seamlessly connect to create a caravan that has an exciting sense of adventure.

Developed to have an ultra-lightweight and compact design, the award winning Venus caravan can be towed by a wide variety of vehicles. It is also effortless to tow, manoeuvre and store.

Inside each model you will find design that offers the best possible use of space. Comfort has been cleverly combined with flexible storage options to provide a fantastic open plan feel.

Simply choose between the 3 single axle models, ranging from 2 to 4 berth and with MTPLM starting from only 995kg.

For 2014, we have enhanced our Venus range with enviable specification.

The sleek modern exterior with large front window, extra large gas locker and LED awning light has now been complemented by a BPW Swing V-tec chassis for great towing stability.

The new 'Nassau' soft furnishings have been carefully selected to add a touch of comfort and style while the oak coloured wood provides a modern and airy feel. The comfortable lounge has aluminium framed seating and full size overhead locker storage, specifications often associated with more premium models.

The kitchen is well equipped with high quality impact resistant Crystal worktops, a Dometic fridge, Duplex oven/ grill, three burner gas hob and good storage. To keep you warm and cosy, the new Truma Combi 4KW Boiler combines blown air central heating with hot water delivery.

For comfortable year-round touring, Venus Caravans have a Grade Three Classification for Thermal Insulation and Heating.

An exciting highlight for 2014, is that we have cleverly revised our 380/2 model's front seating so that it now converts to two front singles that are 5'11" and 6'3" long. We have also added to this model a work-top extension to ensure that you don't lose valuable work space.

Warranty

Venus Caravans are supplied with:

- A 6 year body shell integrity warranty
- A 3 year manufacturers backed warranty (specific exclusions apply).

(Subject to an annual service and inspection and excluding items subject to normal wear and tear).

Each Venus model has been certified by the NATIONAL CARAVAN COUNCIL for compliance with stringent European Standards, British Standards AND the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation.

Every caravan carries the NCC Approved Caravan badge that gives you the peace of mind in the knowledge that your caravan is both fully legal and safe.

Caravan Payloads: The method of calculating the MRO and payload figures has been changed. Allowances for essential equipment previously accounted for in the user payload are now either within the MRO (e.g. gas cylinders) or the personal effects payload allowance (e.g. leisure battery).
